

Grease and Oil Separator Ladle Patent Application.

OATH

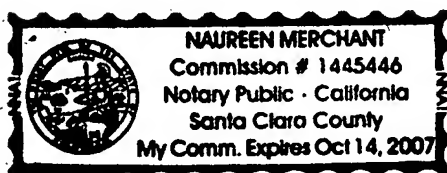

Charles Taylor, the petitioner, being sworn, deposes and says that he is citizen of the United States and resident of 1084 Gruwell Pl, San Jose, city of California, (Zip Code:95129). He has reviewed and understand the contents of the specification, including the claims. He verily believes himself to be the original, first and sole inventor of the Fat, Grease and Oil Separator tool descried in the Patent Application and claimed in the Claims. He does not know and does not believe that same was ever known or used before his invention thereof, or more then one year prior to this application, or in public use or on sale in the United States more than one year prior to his application and that said invention has not been patented or made the subject of an inventor's certificate in any country foreign to United States on an application filed by him of his legal representatives or assigns more than 12 months prior to this application. Also, he acknowledges his duty to disclose information of which he is aware which is material to the examination of this application; and that no application for patent or inventor's certificate on said invention has been filed by him or his representatives or assigns in any country foreign to the United States.
